

Dear Parent/Guardian -

Nasal Flu spray vaccination – It's not too late to consent – Please completed your child's consent form within the next 24 hours.

If your child suffers with asthma, have they experienced any of the following:

- **Increased inhaler use**
- **Wheezy 72hrs before school vaccination date**
- **Taken oral steroids within 14 days**

Then you **MUST** call 0300 124 0366 or email school.immunisation@mpft.nhs.uk, as your child may not be able to receive their vaccination.

If this occurs on the day of the vaccination session, then please inform your child's school so that a message can be passed to one of the nursing team attending the vaccination session.

Many thanks,

School Age Immunisation Team
