

Do you...

Live in Heron Cross?

Have a child at school?

If so, you might be able to take part in a university research project about your local 'food environment' (the places around your local area where you might get food from).

Taking part involves:

Chatting to us about food and shopping for about 1 hour

Taking some photos of your food environment and then chatting to us about these

Taking us on a food shopping trip with you

If you are interested in taking part, call or text Joel on 07804 544831, or email Anna or Joel at:
anna.isaacs@city.ac.uk
joel.halligan@city.ac.uk

£50 shopping vouchers for taking part!
